

**INDIAN MEDICAL ASSOCIATION OF NEW ENGLAND
35TH ANNUAL MEETING 2013**

*"The best way to find yourself is to lose yourself
in the service of others."*

- MAHATMA GANDHI

**SATURDAY, NOVEMBER 23, 2013
MARRIOTT HOTEL, ONE MALL ROAD, BURLINGTON, MA 01803**

President's Letter

It has rightly been said that it is good to have an end to a journey, but it is the journey that matters most in the end. Leading IMANE as its 35th president is coming to an end now, but it truly has been a great and rewarding journey for me.

I believe that every president brings his or her own unique strength, vision and goals to their organization, and my mission this year was community service and community outreach. I have to say that we were quite successful in accomplishing those goals. We served our community in many ways, and due to our tremendous outreach efforts, IMANE is now known as one of the best organizations in the area. This was possible only with the help of a dedicated Executive Committee and a supportive Board of Trustees. I would like to extend a sincere and heart-felt thanks to both for helping me fulfill my vision for IMANE. It would not have been possible without their unconditional support.

For the very first time this year, IMANE teamed up with INDIA New England News for the first free Mega Health Expo. We had free health screenings and some of the leading physicians from the area educated the community about key health issues, especially those related to our community. It was an enormous success and the event was attended by more than 600 people. The IMANE initiative was also supported by most South Asian organizations from our area. India New England News also published a special supplement on IMANE, chronicling 35 years of IMANE history. The newspaper interviewed some of our founding members, leaders and some young physicians. It was also great to read about the 25th anniversary celebration of IMANE and the journey of our organization in the supplement.

IMANE also collaborated with Saheli, and helped raise \$56,000. Saheli is a great organization in New England that helps victims of domestic violence and their families. I can say once again with enormous pride that Saheli fund-raiser too was a incredibly successful event that not only raised funds for a great cause, but also increased awareness about a subject that remains a taboo in our community.

In addition, we also participated in a number of local programs who donated over \$2,000 to IMANE's charitable funds with which we were able to support not just the free health clinics that IMANE has supported for a long time but also some other clinics and charities that provide service to our community. We have built a bridge with almost every major local organization and charity in our community.

On the medical and continuing education front, IMANE hosted a great educational CME event in May at Massachusetts Medical Society (MMS) about risk management. The event was well attended and much appreciated by fellow members. Moreover, we continued to build relation-

ships with other medical organizations such as AAPI and MMS and Association of Physicians of Pakistani Origin of New England (APPNE).

IMANE events have also been a great place to meet with other physicians and their families on a social front. Our Youth Physicians/YPS has continued its outreach through hosting their events and we have had some great informal education events with our Indian Women's Physicians Forum too. We also had valuable mentorship programs with Dr. Sanjiv Chopra for our young physicians.

Our membership has also continued to grow. Our efforts to keep our costs down and outreach efforts enabled us to get some supportive exhibitors, helping IMANE financially.

In 2013, we were fortunate to receive several awards for our work from local organizations including a "Life Time Achievement Award" and also a "Community Service Award" from Pratham, but more importantly the rewards have been tremendous as the community has greatly appreciated our work.

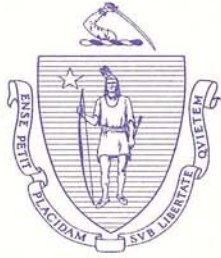

Every president gets a year to fulfill their vision for IMANE. I have to say that it also requires tremendous hard work, but it is also a job that is very fulfilling and enriching. I want to thank all of you for giving me the chance to lead IMANE this year. I would also like to thank MMS team for coordinating all the work of IMANE. Their service has been invaluable for me.

I am very grateful for all the help that I received from my IMANE family to fulfill my vision. I am also thankful for the priceless gift of friendship that I have received in last six years of being a part of this great organization. On a personal note, this was also the toughest year of my life as I lost both my parents this summer. I learnt from them to always fulfill my commitments and I have done my very best albeit with a very heavy heart at times. I want to specially thank all of you who supported me during these tough times and have been a part of my IMANE journey. You will continue to be an invaluable part of my life. I also want to specially thank Dr. Nasir Khan for being an incredible mentor for me.

Leading this organization has been an honor and privilege, and I thank you for your faith in me.

I wish Dr. Sajani Shah and her team all the best for 2014.

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
STATE HOUSE • BOSTON, MA 02133
(617) 725-4000

DEVAL L. PATRICK
GOVERNOR

November 2013

Dear Friends:

On behalf of the Commonwealth of Massachusetts, I send warm greetings as you gather to celebrate The Indian Medical Association of New England's (IMANE) Annual Meeting.

As the nation's oldest organization for medical professionals of Indian origin, IMANE strives to advance the medical community through medical education initiatives, charitable programs, and networking events. Through free health screenings, community outreach, and clinical training opportunities IMANE strengthens the quality of healthcare in the Commonwealth.

I thank IMANE for the incredible work you do to benefit professional development. Please accept my best wishes for an enjoyable and informative annual meeting.

Sincerely,

A handwritten signature in blue ink, appearing to read "Deval Patrick", written over a horizontal line.

November 23rd, 2013

To Whom It May Concern:

I am pleased to acknowledge the annual meeting of the Indian Medical Association of New England. Your commitment to health care issues in the region and IMANE's contributions to the medical and public community is commendable.

The strong leadership that you exhibit and ability to collaborate and build strong alliances to strengthen your charitable efforts have not gone unnoticed.

Congratulations again, and I wish IMANE a productive and fruitful meeting.

Sincerely,

A handwritten signature in blue ink, reading "Elizabeth Warren". The signature is fluid and cursive, with a long vertical line extending from the bottom of the "n" in "Warren".

Elizabeth Warren
United States Senator

Dannel P. Malloy

GOVERNOR
STATE OF CONNECTICUT

November 23, 2013

Indian Medical Association of New England

Dear Friends:

On behalf of the State of Connecticut, it is a privilege to extend sincere greetings to all who are gathered for the Indian Medical Association of New England's (IMANE) annual meeting.

Founded in 1978, IMANE provides medical education to health care professionals and has a strong presence in the community with free health clinics, health screenings and charity events throughout New England to support those in need.

Congratulations to your honorees for their contributions to medicine and dedication to their communities. Their accomplishments have improved lives and made critical contributions to our society.

You have my best wishes for a wonderful evening.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. P. Malloy", written over a large, stylized blue ink flourish that resembles a large "D" or a checkmark.

Citation

Be it known that I,
Lincoln D. Chafee,
Governor of the State of Rhode Island and Providence Plantations,
extend my personal best wishes and sincere congratulations to the

Indian Medical Association of New England

in recognition of your annual meeting as the nation's oldest organization of medical professionals of Indian Origin. On behalf of the citizens of the State of Rhode Island and Providence Plantations, I wish you continued success and all the best in the future.

Given under my hand and the great
seal of the State of Rhode Island
and Providence Plantations,
this 8th day of October, 2013

Governor

President Elect

I am humbled and honored for this opportunity bestowed on me to serve as the President of IMANE, one of the oldest Indian medical organizations founded in 1978.

This past year, under the visionary leadership of Dr. Manju Sheth, IMANE has had presence in several community events. Dr. Sheth has done a tremendous job in bringing IMANE's name into the limelight. I would like to personally thank Dr. Sheth for her insight and achievements of this past year.

I hope to strengthen alliances with other medical organizations, including MMS, AAPI and the American Medical Association, and reinforce IMANE's presence in academics, research, and collaborative ventures that I believe is the future of medicine in the United States. I am also planning to strengthen joint ventures with community organization to bring about health and political awareness and accessibility.

I am honored to work with an excellent group of physicians on the 2013 Executive Committee. Many of whom are young physicians that have brought energy, revitalizing IMANE's future.

Currently medical organizations face a challenge with dwindling membership and revenue. In the past years like many of you here, I am concerned of the long-term financial outlook and wellbeing of our beloved association. I believe that IMANE can achieve its fullest potential when it is financially independent. The trustee account from which we have been drawing each past year will deplete someday therefore it is imperative to consider the trustee account as a sacred buffer for rainy days only and not one to draw from year after year as we have been doing in the past years.

I believe that it is very important to be all-inclusive and have a complete perspective of the greater good of IMANE. I plan to be approachable and I am looking forward to your emails advising and encouraging me, as I know that I will be in need of your support, in return I will promise my very best to keep you informed. Least said I believe in absolute transparency.

I am looking forward to working with IMANE's outstanding team in 2014. Most of our executive committee members are planning to continue next year and we're also bringing in some new young members.

Young physicians are the life's blood of IMANE, so please continue to support the association so that together we may make IMANE a premiere New England ethnic organization.

Thank you,

Sajani Shah-Kapasi MD, FACS

Chair, Board of Trustees

Dear Friends, Distinguished Guests, and Members of IMANE,

Throughout an unbelievably challenging year on the personal front, our President, Dr. Manju Sheth gave our organization all that she had, and more. She has led the organization to new heights in the scale and scope of events that IMANE has collaborated in – including a first of its kind in the area Mega Health Expo with India New England.

Dr. Manju Sheth has also led IMANE to collaborate in numerous joint fundraisers, such as the highly successful Nirbhaya event with Saheli. Through these fundraising efforts, IMANE Charitable Foundation has benefited from generous donations made to IMANE. She had brought IMANE to regional prominence and awareness, and continued to support our mission of charity, education, and professional development.

Dr. Manju Sheth has truly exemplified and lived up to the determination she stated when she took on the Presidency - “We are a very enthusiastic and committed TEAM with belief in the idea that “Together Everyone Achieves More.” Please join me in congratulating Dr. Sheth for a fantastic year, and thanks to all of you for your ongoing support of the organization.

Sincerely,

Apurv Gupta, MD, MPH
Chair, Board of Trustees
Past President, IMANE

The Young Physicians Section

The Young Physicians Section (YPS) of IMANE represents physicians of Indian origin in the New England area who are within five years of residency or fellowship training. YPS strives to bring together early-career physicians who share a common heritage for social and professional networking.

This past year we continued our tradition of hosting networking events in casual, after-work environments. Recent wine-tasting and other activities have included partnerships with NETSAP (Network of South Asian Professionals) and AIF (American Indian Foundation). YPS has also developed a presence on Facebook and LinkedIn to directly reach members inside and outside of the Boston area.

Ongoing plans for our group include partnerships with young physician sections of physician societies such as ACP (American College of Physicians), programs to assist medical students from India with finding observerships and residencies in the New England area, and a mentorship network to connect students and trainees with practicing physicians in New England.

Salil K. Midha, MD, FACC

IMANE is pleased to present the 2013 Community Service Award to Dr. Salil Midha.

Dr. Midha just completed his 25th charitable mission in Africa where he provided cardiac care to patients who could not afford the life saving treatment. He implanted 9 single and dual chamber pacemakers in Addis Ababa, Ethiopia, and also visited Kigali, Rwanda to begin coordinating patient care for future missions. In the last 12 months Dr. Midha has performed over 40 operations in Asuncion, Paraguay, Africa and in Meerut and New Delhi, India.

Dr. Midha is the President of Boston Cardiac Foundation (BCF), a non-profit organization that brings medical technologies and services to less developed countries around the world. The BCF team, made up of physicians, nurses, and technologists, performs cardiac procedures such as pacemaker surgery free of charge for patients in need. Members of the BCF team have been traveling around the globe on charitable missions for over 22 years. The BCF's motto is 'helping one heart at a time'.

Boston Cardiac Foundation team members have performed over 350 pacemaker implantations in India alone. The ability to perform these procedures is due to the support from communities in both the US and in India, as well as generous donations made by the major device companies: Medtronic, St. Jude Medical, and Biotronik. These companies have donated over 3 million dollars in equipment and supplies to sustain the BCF's charitable efforts around the globe.

Dr. Midha and his BCF colleagues were recently recognized for their efforts, earning a spot in the 2011 Limca Book of Records (the Indian equivalent to the Guinness Book of World Records). The team implanted the most charitable devices (11 pacemakers!) in one day. The 2013 mission to India was a very successful one. The BCF team saw over 60 patients in clinics at Sitaram Bhartiya Hospital in New Delhi and Jaswant Rai Speciality Hospital in Meerut, U.P.

Dr. Midha is Chief of Cardiology and Director of Cardiac Cath Lab, ICU and Cardiac Rehab program at Melrose Wakefield Hospital in Melrose, MA. Dr. Midha is Board Certified in Cardiology, Internal Medicine, Echocardiography and Nuclear Cardiology. In addition to his efforts to help the poor, Dr. Midha donates his time to help the local community with heart disease prevention by providing education and participating in local speaking events.

2013 Distinguished Physician Award – Dinesh Patel, MD

Dinesh G. Patel M.D. is Chief of Arthroscopic Surgery at Massachusetts General Hospital and is Associate Clinical Professor of Orthopedic Surgery at Harvard Medical School, Harvard University Boston. MGH and Sports medicine leadership established The Dinesh G. Patel M.D. Arthroscopy Learning Laboratory in June 14 2010.

Dr. Patel is a founding member of the Arthroscopy Association of North America and the International Association of Arthroscopy. www.Knee1.com. He has received many awards internationally for his pioneering work in Arthroscopic surgery.

In 2001, he established Asia's first Arthroscopic Psychomotor Skills Lab at BJMC /Paraplegia center in Ahmadabad. The lab is an example showing Partnership of the Public, Private, Multinational and Academic sectors, and serves to train Surgeons and students in India and Southeast Asia in Arthroscopic surgery. Dr. Patel has been in U.S. News and World reports as one of the best doctors in Orthopaedic surgery. In February 2002, Boston Magazine voted him by his peers as one of the top doctors in the field of Orthopaedics. He has been former member of Harvard medical school admission committee, current faculty member and Senior mentor for Harvard Medical School students.

He has served the citizens at large /public/physicians as both a member and Chairman of the Board of Registration in Medicine in Mass as well as a Board member of the Board of Directors and Executive Committees of the Federation of State Medical Boards (FSMB). In April 2003, the FSMB honored Dr. Patel with the John H. Clark, MD Leadership Award—the first from Mass state. —www.fsmb.org. In 2003, he was named Commissioner of the National Committee on Foreign Medical Education and Accreditation— Education dept.

He was one of the Founder and second President IMANE, Chair of CME and equipment donation committee for AAPI in 1989.

Established WWW.ALTSO.ORG— Artificial limbs for children's leg to stand on — in Gujarat. He has been member of advisory board of Americares.

Dr. Patel was given the Vishwa Gurjari award in 1988. In Jan 2004, he was given a very prestigious Gujarat Garima Award by the Prime Minister of India in Ahmedabad. In November 2003 he was given an Award by Governor Weld as one of the best new immigrant in Massachusetts. Founder President and National President Indian American forum for political education

One of the founding member of TIE and former board member. Started life sciences section.

Nirbhaya Fundraiser

Jallianvala Bagh

*Brig. Gen. Reginald Edward Harry Dyer's[1] 45th infantry brigade marched
Sound of army boots echoed off Jallianvala's walls so cracked and parched
Within the walls 20,000 Indians gathered for a non-violent pact
To implement ways to repeal an unjust Rowlatt Act[2]*

This poem is dedicated to those who
believed in freedom from oppression
To those who believed in freedom from
oppression under the British Raj

To those who painted the canvas of
India with their life and blood

To those who believed the price of
freedom was priceless

Dedicated to Mahatmajee, Shahid
Bhagat Singh, Subhash Chandra Bose,
Khan Abdul Ghaffar Khan and many
others who lived to make India one
nation of many colors, religions and
beliefs striving to live in harmony

*British rifleman and two machine gun-armored cars blocked the garden
1650 bullet rounds fired on the gathering without a warning or pardon
Ear shattering death cries and sight of the dying did not displease Dyer
That 13th of April, 1919 innocent men, women and children had no savior
Hunter Committee discharged Dyer for 'a mistaken notion of duty'
He left India without an equitable punishment or any further scrutiny
Churchill and his British parliament rubber-stamped Hunter's proclamation
The 'Butcher of Amritsar' returned home to England without incarceration*

*In the quiet of each night the dead gather here in Jallianvala to congregate
Each moonlit night cries of the dying are heard as you enter through its gate
The Flame of Liberty marks a memorial of lives lost in the atrocity
Memorial to those innocent felled by the British in these walls of Amritsar city*
