# PRESIDENT'S LETTER

## Akash Patel, MD

Dear IMANE Family,

It is my honor to be part of IMANE and involved in different roles over last 5 yrs . I welcome you to share our accomplishments as we marvel at the incredible path we have journeyed for over many years on the behalf of our patients and community.

We stand in metro Boston area with most diversified, culturally appropriate and quality focused Workforces in the entire Health Care System. We are incredibly grateful for the spirit that has infused our growth from the start and are thankful to our patients, associates, collaborators and our community. We could not accomplish what we have done without your support and partnership.

I have always believed that our society is best served by having wide range of us doing different things -a truly independent sector. Organization also evolve and change ( and should). And those of us in health care should be very humble about what we can achieve in four trillion dollar health care System dominated by money and politics.

That should not stop us from asking how we can have biggest impact, and from making sometime tough strategic choices in crafting our mission and program strategies.

As health care spending continues to rise, Americans are not receiving the commensurate benefit of living longer, healthier lives. Health care bills are too complex, choices are too restrained, and insurance premiums and out-of-pocket costs are climbing faster than wages and tax revenue. Health care markets could work more efficiently and Americans could receive more effective, high-value care if we remove and revise certain federal and state regulations and policies that inhibit choice and competition.

I encourage all health care professionals to work together and demand changes that are meaningful and help us to make healthcare more affordable, accessible .

Thank you,  
Akash Patel, MD  
President, IMANE 2022

# CHAIR OF BOARD OF TRUSTEES

Dear IMANE Family,

On behalf of the IMANE Board of Trustees, it is my pleasure to welcome you all for this in person meeting on November 12, 2022.

Unfortunately since 2020 COVID19 pandemic, we have had multiple disruptions to IMANE activities. Board of Trustees congratulate both Dr. Dhrumil Shah & Dr. Akash Patel for their leadership during these trying times. They kept the communication going and activities going using zoom meetings, emails and telephone calls. Their continued efforts and constant prodding and reminders kept the organization functioning well and achieving a lot.

Board also congratulates IMANE EC committee members for their efforts and hard-work during the past year. On behalf of the Board of Trustees I congratulate you all and wish for a much better and more active next year with Dr. Deppa Jhaveri as our President for 2023.

Many thanks to all the members of IMANE participating in this year's General Body meeting and the program including CME meeting and other activities.

Pramod Shah, MD  
Chair, Board of Trustees  
IMANE, 2022

# PRESIDENT ELECT'S LETTER

## Deepa Jhaveri, DPM

Dear IMANE family,

As we cross our fingers and hope that we are steadily headed away from the Covid19 pandemic and make our way into 2023 with a more optimistic view, I would like to take this opportunity to thank my proverbial village who have helped me reach this point in the executive committee in IMANE.

Drs. Dhrumil Shah and Akash Patel have shown true leadership during these tough times. Under their leadership, despite many challenges, we were able to initiate the "share the warmth" program, the "Shoe Project" with Women Who Win as well as virtual and in person meetings and events. I look forward to fostering these relationships they have built and form new relationships with other community organizations.

With the help and support of the Board of Trustees, the Executive Committee and the members, my vision for the 2023 year is to use IMANE and our resources as a vehicle for inclusivity, education, and outreach in the physician and general community, all while making meaningful friendships along the way.

I wish you and families a new year filled with good health, happiness and a new purpose to participate and engage with IMANE!

My sincere gratitude for all your faith and support in me.

Thank you.

Deepa Jhaveri, DPM President-elect IMANE 2022--

Best,

Deepa Jhaveri, DPM, FACPM (she, her, hers)

# CHIEF GUEST

## Sushil K. Tuli Chairman & CEO

Sushil K. Tuli, the President, Chairman and CEO of the Holding Company and the current CEO and Chairman of Leader Bank, has been one of the leading figures in financial services throughout Massachusetts for nearly thirty-five years. Mr. Tuli founded Leader Bank in May of 2002, opening a single branch in East Arlington with seven employees and \$6.5 million in assets. Mr. Tuli has guided Leader Bank to become one of the top community banks in the county, with well over 350 employees across seven full-service branches and three loan production centers, and approximately \$4 billion in assets. Since its founding, Mr. Tuli has grown all facets of Leader Bank's business, with a particular focus on retail banking, residential mortgages and both commercial and small business lending.

Mr. Tuli and Leader Bank have been repeatedly honored for their success over the last decade. Under Mr. Tuli's leadership, Leader Bank has received both a 5-Star Superior Rating from Bauer Financial in every quarter since 2010 and an "A" or "Excellent" rating from Weiss Ratings every year since 2009. Mr. Tuli has also received a Lifetime Achievement Award from TiE-Boston for his work mentoring and supporting entrepreneurs and small businesses and was given a New England Choice Awards Lifetime Achievement Award in 2019 for his achievements in the financial services industry. Mr. Tuli's leadership extends beyond his work with Leader Bank, having served in 1999 as the Chairman of the Massachusetts Mortgage Bankers Association, the largest mortgage banking industry association in New England.

Mr. Tuli is currently serving as a Class A Director for the Federal Reserve Bank of Boston and on the Board of Directors for the Boston Chamber of Commerce, and he also is a member of the Board of Trustees for the Dana-Farber Cancer Institute. Mr. Tuli also recently served on the Board of Directors for the Massachusetts Housing Finance Agency and the Massachusetts Growth Capital Corporation, as well as being a member of both the Massachusetts Home Ownership Advisory Committee and Fannie Mae's Affordable Housing Advisory Council. Mr. Tuli is regularly interviewed and quoted regarding his experience in and knowledge of lending and banking in Massachusetts and nationwide and has been the subject of personal profiles in publications such as the Boston Globe and Banker and Tradesman.

# EXECUTIVE COMMITTEE 2022

**Akash Patel, MD - *President***

Dr. Patel earned his Medical School Degree from Pramukhswami Medical College; Sardar Patel University; Gujarat, India. Dr. Patel completed his Family Medicine Residency at University of Medicine & Dentistry of New Jersey / Hoboken University Medical Center in Hoboken, NJ. Dr. Patel is Board Certified in Family Medicine. Dr. Patel's clinical interests include Hypertension, Cardiovascular Health and Preventive Medicine.

# WOMEN'S FORUM

Dear IMANE Family,

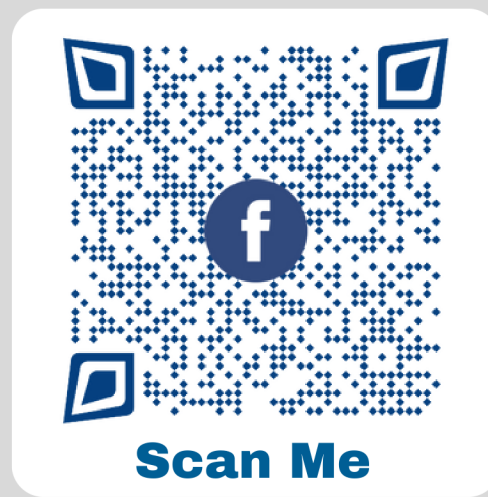

IMANE Women's Forum, IWF is fully awake after its periods of intermittent slumber and this in spite of incessant undermining attempts of Covid over the past couple years

Dr. Sapna Aggarwal took the Initiative to awaken it, supported by Dr. Monie Malhotra and working together with superb technical skills of IMANE president Dr. Dhruvil Shah to deliver the presentations over Zoom and Facebook real time streaming. IWF facebook group now has over 200 members and growing.

The topics covered included dialogues promoting healthy living, be it food, boosting immune systems, various forms of exercise, dental health and aesthetics. The participation has been immensely rewarding including medical and non medical community with scores of folks in audience over Zoom as well as FB streaming.

We are in momentum again and we intend to continue this trend over the coming years keeping IWF alive and kicking.

Sapna Agarwal MD & Mohini Malhotra MD

## CANCER CARE AND HEMATOLOGY

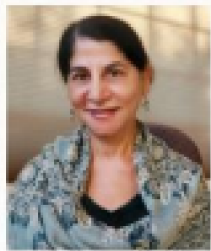

### A Premier Cancer Care Facility

In January 2001, Dr. Satinder Dhillon founded the Norfolk Center for Cancer Care and Hematology (NCCCH) to provide exceptional, comprehensive cancer care not normally available in a small community setting. Today, the Center's success reflects her continued commitment to this principle, and each patient and family story attests to that.

A cancer diagnosis can be the beginning of a difficult journey with an uncertain destination. Under the supervision of Dr. Dhillon, the trained and dedicated staff of NCCCH provides patients with access to cutting-edge technology and cancer therapies, including surgery, radiation therapy, chemotherapy, immunotherapy and targeted therapy. In collaboration with cancer specialists from Boston's renowned medical centers, our providers monitor the latest medical breakthroughs and research to provide personalized care for each patient.

NCCCH provides a healing environment where patients and their families find comfort, strength, and hope. Dr. Dhillon and her team are committed to providing comprehensive individualized care for each patient from diagnosis to treatment and thereafter.
