Sailaja Reddy, MD

Chandra Lingisetty, MD

Dear Colleague,

Thank you for your company's interest in becoming a sponsor of the Indian Medical Association of New England (IMANE). Sponsors are an integral part of fulfilling IMANE's mission to foster inclusivity, diversity & collaboration among healthcare professionals of Indian Origin within the New England Region. We rely on the synergy created by great partnerships with our sponsors.

Our sponsors are important to our success, allowing us to organize great community events and create value for over 500 members and their community networks. Without sponsor support, we could not provide educational advancement, including our annual CME event, and support community health services, including our free annual health care screening. Sponsorship also helps us to support our networking events and annual gala (dinner meeting/awards banquet) and to give back to our local communities.
